**CHECK TEST DESIRED**

Sample ID:					
* Approximate Analysis					
Nitrogen, Total					
Phosphorus, Total					
Potassium, Total					
Phosphorus: Total, available & insoluble					
Poly Phosphate					
Sulfur, Total					
Sulfur, Sulfate					
Aluminum					
Arsenic					
Boron					
Cadmium					
Calcium					
Copper					
Iron					
Lead					
Magnesium					
Manganese					
Zinc					
Other					

\* The laboratory can complete the test faster if the approximate analysis is known so the correct dilutions can be made on the first run.  
 Fill liquid sample bottle only 3/4 full, to allow for proper mixing when samples are analyzed. Pack dry samples in heavy bags to prevent spillage.
